

INDEX OF NAMES

Explanation

This Index contains the names that appear in the text of the Supplement. It is, in no sense, an Index of the Soldiers; and the appearance of a name therein does not necessarily imply Military service as was usually the case in the Index to "New York in the Revolution." Military Titles are given in this Index; but it has not been practicable to give all the numerous Civil Titles, also. Such Titles can be readily found by referring to the page numbers that appear after each name.
