## Soccer

H. S. CHASE, CAPTAIN

**S**OCCKER, the new game on the campus, is a sport which has yet to come into prominence as a part of our college athletics. This is an English game and up to the opening of the 1913 season very little attention was given to it on our college campus. At the opening of the season about twenty-five men answered the roll call; all new recruits who had never played the game, except some half-dozen who had had some practice in the fall of 1912. This squad gave the Coach a fairly large number of men from which to pick his team.

We had four games on our schedule with fairly strong teams, in fact they were much stronger than our own, as they had been playing the game for a longer time.

The prophecy for Soccer is that it is the coming game for boys in the High School and will take the place of Football in many of them. Of course this remains to be seen, but with the training on our campus of men who are to go out into our High Schools as teachers, this is highly probable.

When the game has become better established and more widely known, we feel sure that it will excite more interest and enthusiasm. This time we hope is not far distant.

## Commercial Teachers' Club

**T**HIS is an organization which came into existence at the opening of the present school year. Students of the Normal and Cleary colleges who are preparing to teach commercial subjects are eligible to membership. At the present time more than half of those pursuing the Commercial Teachers' Course are members, and it is hoped that, by another year, every person enrolled in this course will become a member of this Club.

We meet regularly on Tuesday evenings for the study of parliamentary law and the discussion of subjects bearing upon the work which we expect to follow.

We also plan to come together at certain intervals throughout the year in a social way for the purpose of cultivating closer fellowship and that side of nature which contributes so much to the success of a teacher.

Following are the officers of the Club and the members:
